REGISTRANTS WILL RECEIVE A CONFIRMATION BY MAIL OR EMAIL. IF YOU DO NOT RECEIVE A CONFIRMATION PLEASE CONTACT US.

A block of rooms are set aside at the Rosen Centre Hotel and Conference Center. **Please contact the Rosen Centre Hotel and Conference Center Orlando, FL directly for reservations and tell them you are with the AAMSN Annual Conference. There are a limited number of rooms available so make your reservations early.**

TRANSPORTATION:

Centrally located on popular International Drive and connected to the Orange County Convention Center, Rosen Centre Hotel brings you within minutes of all the attractions and entertainment that make Orlando an exciting destination. In addition to being close to theme parks, shopping and world-class golf, Rosen Centre Hotel is just 12 minutes from Orlando International Airport. Car rental is available.

FEES:

Includes course materials, refreshments, and contact hours as stated.

ACCREDITATION AND APPROVAL:

Healthy Visions is an approved provider of continuing nursing education by the Alabama State Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation (ANCC). Approved for 24 CE Credits; Code # 5-133

LOCATION:

The conference will be held at the Rosen Centre Hotel and Conference Center, Orlando, FL

AREA INFORMATION:

International Drive shopping attracts visitors from around the world. Two large outdoor outlet malls, Artegon Marketplace and Orlando Premium Outlets, provide an opportunity to get designer and brand name items at bargain prices. Pointe Orlando, an outdoor shopping and entertainment complex located down the street to the Rosen Centre Hotel, features high-end shops to casual stores and everything in between. Of course, International Drive is also where some of Orlando's most popular attractions can be found. SeaWorld® Orlando and their exciting waterpark Aquatica are just 5 minutes away, as is Universal Orlando™ Resort and Islands of Adventure®.

REFUND POLICY:

Refunds must be requested in writing and will be granted as follows: Before June 2, 2014 full refund minus a \$25.00 processing fee. If received after June 2, 2014 there is no refund.

Special Circumstances will be considered for refund.

Conference Location:

Rosen Centre Hotel and Conference Centre
9840 International Drive
Orlando, FL 32819
Phone: 800-204-7234

Please contact the Rosen Centre Hotel and Conference Centre directly for reservations and tell them you are with the AAMSN Annual Conference for special rate

MEET THE FACULTY:

Ron Eslinger, RN, CRNA, MA, APN, BCH, CMI, FNGH

Captain, United States Navy, Retired—Owner Healthy Visions, Clinton, TN. Ron Eslinger After beginning his military service in the US Army Reserves (1969-85), Capt. Eslinger became an officer and nurse anesthetist for the US Navy in 1985 at age 37. In 1991, Eslinger was assigned the committee position of anesthesia liaison to the new Joint Commission Standard for I.V. conscious sedation. The training he created for Navy revolved into the he sedation certification training.

His many assignments included Senior Nurse Executive and the Director for Patient Services, Naval Hospital Beaufort, SC (2001-03). From 1996 to 2001, Ron served as the Chief Certified Registered Nurse Anesthetist (CRNA) and Assistant Department Head for Administration, Anesthesia Department, US Naval Medical Center Portsmouth, VA where he founded and personally developed the Medical Center's Complementary Care Clinic. This experience led to consulting positions with other medical centers such as Kaiser Permanente, Portland, Oregon; Naval Hospital Camp Lejeune, NC; and Naval Hospital, Beaufort, SC.

Allan Schwartz, DDS, CRNA

Allan Schwartz is a 1980 graduate of Baylor College of Dentistry and 1994 graduate of Washington University School of Nurse Anesthesia, Dr. Schwartz has been teaching anesthesia to Dentists, Certified Registered Nurse Anesthetists, Physicians, and Nurses for over 10 years. He is currently employed as a locum tenens CRNA, and is a Clinical Assistant Professor in the department of Periodontics at the Center for Advanced Dental Education at Saint Louis University. He also provides deep sedation in various dental offices in the state of Missouri, and is one of only two Missouri general dentists who possess a deep sedation/general anesthesia permit granted by the Missouri Dental Board.

Peter Strupe, CRNA, DBAP (c), MSNA, APNP, United States Army Lieutenant Colonel

Lieutenant Colonel Peter D. Strube is a CRNA that serves in the United States Army Nurse Corps. He graduated Magna Cum Laude from St. Mary's University school of anesthesia in 2006 with a master's degree specifically in anesthesia. His undergraduate degree is from Luther College in Decorah, Iowa. He is completing his Doctor of Nurse Anesthesia Program.

Lieutenant Colonel Strube is in the United States Nurse Corp, and has mobilized and deployed four times during current military operations which includes service in both Iraq and Afghanistan. He has earned the War on Terrorism Medal, Enduring Freedom Medal, Mobilization Armed Forces Reserve Medal, Iraqi Freedom and Global War on Terrorism Medal, NATO Medal, and Afghanistan Campaign Medal.

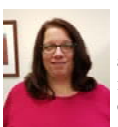

Matthew Zinder, CRNA, CH

Matthew Zinder has worked in some level of healthcare for close to 20 years, starting as an EMT in a volunteer fire station. He received his BS from The Johns Hopkins University School of Nursing in 1999. Following a 2 year experience at the Johns Hopkins Hospital Surgical Intensive Care Unit, Matthew attended and graduated from the Virginia Commonwealth University/Medical College of Virginia Nurse Anesthesia Program in 2003. He went on to work at Chippenham Hospital, a large private center in Richmond, VA for 4 years.

Matthew then moved home to Maryland to join his father's mobile anesthesia practice, Zinder Anesthesia Associates. Matthew has since taken over ownership of the business following his father's retirement and is running the practice today. It consists of 20 practitioners and covers 50 locations throughout the state of Maryland.

Mr. Zinder is adjunct faculty at the University of Maryland Nurse Anesthesia Program where he lectures and assists with the simulation lab. Matthew speaks at many professional conferences during the year involving topics such as business of anesthesia, hypnosis, and the practice of anesthesia. Matthew also has an active hypnotherapy practice that caters mainly to healthcare providers. Most recently, Matthew founded Maryland Emergency Response, a disaster relief 501(c)(3) non-profit organization that works to aid victims following natural and/or man-made disasters.

Kathleen C. Fabian, MSN, NEA-BC, CPNP

Kathleen Fabian has been a Pediatric Nurse for 25 years with experience in PICU, Transport and Emergency Medicine. She has been a Pediatric Nurse Practitioner for 6 years and has been working with the pediatric hospitalist team for the past 5 years. She is the only NP in the organization credentialed to provide pediatric moderate sedation. She is currently working on her DNP with an anticipated graduation of Summer 2018.

Rhonda Ward, MSN, CGRN, CCRN

Rhonda Ward is a Master's prepared nurse who chooses to be at the bedside and has been continuously Critical Care certified since 1992 along with Gastroenterology certified since 2007. She has extensive procedural moderate sedation experience, not only in Endoscopy but invasive cardiology, cardiac catheterization/ electro-physiology labs, diagnostic imaging and critical care.

WHY ATTEND?

*Meet Nurse Sedation Champions and Stakeholders
In Critical Care · Radiology · Surgery · Emergency Department
Hearth Cath Lab · Plastic Surgery · Dental · GI · Pain · Podiatry
Outpatient Surgery · Pediatrics
And all the places sedation is given not mentioned here*

AAMSN CONFERENCE PROGRAM AGENDA

Thursday, June 1, 2017

6:00 Board Meeting Location to be Announced

Friday, June 2, 2017

7:30-7:50 Continental Breakfast

8:00-10:00 **Generating Positive Outcomes through Verbal Communication:**
Mathew Zinder, MS, CH, CRNA

Communication is exceedingly important in healthcare. Research has shown how positive communication with our patients can decrease the amount of sedation needed.

10:00 -10:15 Break

10:15-12:15 **Post Traumatic Stress Disorder : Its affect on healthcare providers:**
Mathew Zinder, MS, CH, CRNA

Many of us are familiar with post-traumatic stress disorder. However, have any of us experienced it personally or in direct relation to our work? Healthcare providers often experience events that can affect them later in life. This talk will discuss examples of such events, the criteria for diagnosis, and treatment options.

12:15-1:15 Lunch Included

1:15 - 2:15 **Can This Child be Sedated?**

Kathleen C. Fabian, MSN, NEA-BC, CPNP

This is an interactive presentation that will discuss the criteria for moderate sedation, the effects of obesity on sedation, and what happens when things go wrong with sedation. These concepts will be discussed through lecture, interactive discussion and case studies.

2:15-3:15 **Kids, Meds and MRI**

Kathleen C. Fabian, MSN, NEA-BC, CPNP

This is an interactive presentation that will review pediatric airway anatomy and the medications used in pediatric moderate sedation for both procedures and diagnostic imaging. In addition, the levels of sedation will be reviewed and MRI safety. These concepts will be reviewed through lecture and interactive discussion.

3:15-3:30 Break

3:30-5:30 **Work Place Stress Can Kill You and the Patient**

Ron Eslinger, CRNA, APN, MA, FNGH

It is estimated that job stress cost Americans more than \$300 billion annually due to diminished productivity, absenteeism, and employee turnover, medical, legal and insurance fees. It is also projected that 60 to 80% of all work related accidents are due to stress.

Adjourn

Saturday, June 3, 2017

7:30-7:50 Continental Breakfast

8:00-10:00 **Essentials of Monitoring,**
Allan Schwartz, DDS, CRNA

The focus is on the concepts the attendees will need to know, when monitoring sedated patients. Common medical emergencies will be discussed along with detailed information on how to handle them.

10:00-10:15 Break

10:15-12:15 **Hands-on Airway Management**
Allan Schwartz, DDS, CRNA

This course will help give you a chance to work with and develop confidence with various common airway management devices. Your instructor is a practicing dentist who delivers anesthesia in dental offices as well as a full-time Certified Registered Nurse Anesthetist (CRNA).

12:15-1:15 Lunch Included

1:15 - 2:15 **Herbals - Herbal Secrets -Watch Out:**

Peter Strube, CRNA, DBAP (c), MSNA, APNA. Lieutenant Colonel, U.S. Army

This lecture will provide the listener a basic review of herbal principles and the pharmacological surgical interactions caused by them. The listener will be able to list and identify herbal interactions with anesthesia and sedation.

AAMSN CONFERENCE PROGRAM AGENDA

Saturday, June 3, 2017 (Continued)

2:15-3:15 **Illegal Drugs and How They Impact Sedation: Peter Strube**

This lecture will provide the listener a basic review of specific pharmacokinetics of illegal drugs. Learn how to list and identify the specific pharmacokinetics of illegal drugs and get a better understanding of alternative drug therapies for perioperative patient management of the patient who abuses illegal drugs, and discuss appropriate interventions for illegal drugs abuse.

3:15-3:30 Break

3:30-4:30 **Improving Patient Satisfaction Scores:**

Peter Strube, CRNA, DBAP (c), MSNA, APNA. Lieutenant Colonel, U.S. Army

The listener will have a better understanding of the economic impact of anesthesia and sedation in the generations of the Affordable Care Act. You will be able to list and identify those interactions and develop a plan to deal with them

4:30-5:30 **Leadership and Conflict Resolution:**

Peter Strube, CRNA, DBAP (c), MSNA, APNA. Lieutenant Colonel, U.S. Army

The listener will understand the mechanisms and process of leading and of effective leaders and working with technology to enhance patient outcomes. They will be able to identify strategies to be an effective anesthesia provider in a new technological environment.

Sunday, June 4, 2017

7:30-7:50 Continental Breakfast

8:00-9:00 **Going With the Flow, ETCO2 Monitoring with Endoscopy:**

Rhonda Ward, MSN, CGRN, CCRN

While frequent blood pressure measurements and pulse oximetry are standard monitoring tools, capnography has the potential to significantly improve patient safety by offering the earliest possible detection of hypoventilation during sedation. ASA requires all anesthesiologist to use capnography during sedation.

9:00-10:00 **Hypoglycemia and Moderate Sedation:**

Rhonda Ward, MSN, CGRN, CCRN

This hypoglycemia presentation is case study based. It will go over the symptoms, the rational for medication protocols, the treatment and similarities of hypoglycemia to desired effects of moderate sedation.

10:00-10:15 Break

10:15-12:00 **Hypnosis an Adjunct to Nursing Sedation**

Michael R. Eslinger, CRNA, MA, APN, BCH, CAPT, USN, Retired

Preparing patients for sedation and surgery using current research and historical data to describe the impact of hypnosis on procedural outcomes. Listing 5-things that can be accomplished when including hypnosis techniques.

PATIENT SAFETY THROUGH EDUCATION AND COMMUNICATION

Take the Challenge

Join AAMSN in Orlando and be a leader in a growing organization.

There is a fine line between sedation and anesthesia. Crossing that line can be dangerous.

Be the best of the best! Take advantage of being an **EXPERT** in a new nursing specialty.

Be a nursing leader, invest in your future and the future of Nurse Sedation.

Learn new skills, network with others, and even vacation while you are here.

5 REASONS TO ATTEND

AAMSN Moderate Sedation Conference 2017

1. **LEARN** how as a CSRN you fill a void that covers a broad spectrum of multiple procedural areas.
2. **PARTICIPATE** with, learn from and share with others ideas and techniques in moderate sedation hospitals, outpatient facilities, ambulatory surgery centers, doctor's offices, etc., to facilitate patient comfort, cooperation, and safety.
3. **INNOVATE** by taking part in the planning and development of the Moderate Sedation Certification for non-anesthesia providers.
4. **CONNECT** with and make new friends to partner with for information and support.
5. **ENJOY** Orlando as your family vacation in 2017.
